

Competitive Salary plus bonus and benefits

Job Summary

An exciting opportunity which involves assisting in the delivery of the firms forensic and corporate recovery services based in NEW YORK.

Job Description

Typical assignments will include participating in large fund insolvencies, asset tracing, forensic investigations, the preparation of reports and liaison with legal advisors. The successful applicant will also participate in developing relationships with clients. Knowledge of the investment management sector would be an advantage.

The unique structure and culture means that the successful candidates will be well supported in their development, leading to significant early responsibility and autonomy in a dynamic, caring and friendly environment.

Applicants should possess the following minimum qualifications, experience and personal attributes:

- At least 3 – 5 years post qualification experience in delivering consulting services with solid insolvency experience involving medium to large assignments and ideally assignments involving investment management type entities.
- Big 4 or large international firm trained preferred.
- Technical expertise in the area of insolvency, investigations, and cross border projects.
- Knowledge of Canada/Australia/UK/South Africa insolvency regimes an advantage. Alternatively a broad knowledge of the US bankruptcy regime would be required.
- Strong academic background, including education to degree level and US accountancy qualification – CPA or equivalent.
- Strong project management skills and experience in running medium sized assignments.
- Strong IT skills, preferably including Microsoft suite as well as proficiency in management information and database systems.
- Well developed practice management skills.
- Strong commercial acumen and well developed analytical skills.
- Strong interpersonal skills.

Applicants should also be able to work in the USA or have a visa to work in the USA.

Due to the global nature of the investment management industry and the firm's clients, it is anticipated that a certain amount of travel may be required.

Remuneration for the position which will ultimately be based on the successful candidate's qualifications and experience and will include a comprehensive benefit package.
